INTRODUCTION

This finding aid focuses on city, county, and state audits which come under review of the State Comptrollers Office. The Comptroller of the Treasury is a constitutional officer elected by the General Assembly whose responsibilities include participation in the general financial and administrative management of state government, and financial oversight of governmental agencies, grants, and programs.

This record group includes audits and reports prepared or reviewed by the Comptrollers Office between 1963 and 1989. The bulk of the collection focuses on city and municipal audits, primarily between 1984 and 1988. Other record groups at the State Library and Archives containing additional years and audit entities are listed below. The materials in this record group measured approximately 455 cubic feet in the original boxes. In accordance with state records disposition authorization #410, the materials were reduced to 46 cubic feet by removal of working papers (copies of information used in preparation of the published audit), report covers, and duplicate information. The collection was then microfilmed and the original documents were destroyed. There are no restrictions on the material.

Additional Comptrollers Office audits and records can be located at the Tennessee State Library and Archives on microfilm in the following record groups:

SCOPE AND CONTENT

This finding aid focuses on audit reports reviewed by the State Comptrollers Office. Spanning the years from 1963 through 1989, the record group contains audits, special reports, and investigative reports. The bulk of the records consist of city and municipal audits, primarily from 1984 through 1988. Supplementary information is included at the end of most of the audits consisting of all or a part of the following: Comptrollers Office letter of acceptance, report review checklist, contract to audit, correspondence between comptrollers office and city or auditor, and working paper evaluations.

The record group is divided into three series, Division of Municipal Audit (Series 1), Division of County Audit (Series 2), and Division of State Audit (Series 3), corresponding to the division of the Comptrollers Office responsible for production or review of each audit type. Most of the audits are arranged first chronologically by the closing year of the audit, then in alphabetical order by the name of the entity being audited with the exceptions of Series 1, Sub-Series 4, the EPA compliance audits, and Series 3, Sub-Series 3, Medicaid Pharmacy Audits, which are arranged alphabetically by the name of the audited entity regardless of the year.

DIVISION OF MUNICIPAL AUDIT, SERIES 1

SERIES 1, produced by the division of municipal audit, contains six sub-series:

Sub-Series 1 contains city and municipal audits from 1972 through 1989. Most of these audits date from 1984 and 1985. There are no audits present for the years 1986 or 1987 (see Record Group 236). Included when present are municipal utility audits and some municipal school audits.

Sub-Series 2 contains school district audits from 1983 through 1985. These audits provide a review of cafeteria funds and student activity funds.

Sub-Series 3 contains utility district audits from 1984 through 1988. These audits are reviewed for compliance with state statutes which prohibit utility districts from operating at a loss.

Sub-Series 4 contains audits reviewed for EPA compliance. Since these audits usually represent a number of years, they are presented in alphabetical order by the name of the entity regardless of year. The EPA grant number is included in the listing.

Sub-Series 5 contains non-profit audits from 1977 through 1988. This sub-series is composed of both audits and worksheets which show the amount and application of state grant money.

Sub-Series 6 contains a small number of public housing authority audits from 1987 through 1989.

DIVISION OF COUNTY AUDIT, SERIES 2

SERIES 2, produced by the division of county audit, consists of county audits from the years 1963, 1983, and 1986 through 1989. The majority of the audits are from 1986, 1987, and 1989.

DIVISION OF STATE AUDIT, SERIES 3

SERIES 3, produced by the division of state audit, consists of three sub-series:

Sub-Series 1 contains audits and reports produced by the division of state audit from 1977 through 1989. The majority of the audits are from 1981 through 1987.

Sub-Series 2 contains a limited number of investigation special reports from 1979 through 1985.

Sub-Series 3 contains Medicaid Pharmacy Audits ranging in date from 1979 through 1988. These limited audits were performed to verify acquisition costs for drugs dispensed to Medicaid recipients. Since they were performed randomly over a period of years, they have been arranged alphabetically by the name of the pharmacy rather than chronologically.
